Duty Title: Pediatric Resident, PGY-X, Position is 60P

Please capitalize SOLDIER whenever it is used, even if it is grammatically incorrect. This is an Army regulation that the word SOLDIER is always capitalized despite that being against conventional grammar.

THE INFO ABOVE SHOULD BE IN CAPS AS WRITTEN. IT IS JUST THE WAY THE ARMY DOES IT.

Significant Duties and Responsibilities (minor modifications allowed if you have a special duty)

PGY-1: Serves as a Pediatric Resident (Post Graduate Year-1) with responsibility to develop competency in all aspects of medical care of infants, children and adolescents. Under appropriate supervision, completes histories and physicals of patients, orders and interprets laboratory and radiological studies, performs procedures and designs effective treatment plans. Successfully completes outpatient rotations in the pediatric clinic and inpatient rotations on the ward and nursery service. Participates fully in educational activities to include morning report and educational conferences. Serves as a Primary Care Manager for XX patients. Supervises and develops medical students. Maintains excellent physical fitness and military readiness

PGY-2: Serves as a Pediatric Resident (Post Graduate Year-2) with responsibility to develop competency in all aspects of medical care of infants, children and adolescents. Under indirect supervision, completes histories and physicals of patients, orders and interprets laboratory and radiological studies, performs procedures and designs effective treatment plans. Successfully completes outpatient rotations in the primary and specialty pediatric clinics, inpatient rotations on the ward and intensive care unit and nursery service. Participates fully and leads educational activities to include morning report and conferences. Serves as a Primary Care Manager for XX patients. Supervises and develops medical students and pediatrics interns. Maintains excellent physical fitness and military readiness

PGY-3: Serves as a Pediatric Resident (Post Graduate Year-3) with responsibility to develop competency in all aspects of medical care of infants, children and adolescents. Completes histories and physicals of patients, orders and interprets laboratory and radiological studies, performs procedures and designs effective treatment plans with minimal and remote supervision. Leads educational activities to include morning report and conferences. Serves as a Primary Care Manager for XX patients. Supervises and develops medical students and pediatrics residents and manages an 8-10 person team during inpatient rotations. Completes rotations in the pediatric primary and specialty clinics, wards and nursery services. Maintains excellent physical fitness and military readiness
